

Field Observations

*Boise, ID
March 20-22*

The Idaho Lacrosse Officials Association asked US Lacrosse to conduct field observations for officials in Boise at the BIT Tournament from March 20-22. Officials will be observed by Joe Cronin and Gordon Corsetti using the newly revised Level 2 Men's Officials Evaluation Forms.

The goal of these observations is to give each official practical and actionable feedback that they can apply to improve for their next game. Each observed official will receive feedback during halftime, time outs, and after games. Two weeks after the tournament a formal evaluation will be sent to each observed official.

US Lacrosse Observers

Joe Cronin

Joe is a high school and collegiate lacrosse and football official in Salt Lake City, Utah.

Joe has been involved as a crew chief and clinician at LAREDO clinics for the last several years and brings a wealth of game management knowledge that he has developed from his experiences in both football and lacrosse.

Gordon Corsetti

Gordon is a high school and collegiate lacrosse official in Baltimore, Maryland.

Gordon is the new Manager of the Men's Officials Education Program at US Lacrosse and is responsible for coordinating all LAREDO clinics, managing existing training resources, and developing new content for official's education.
